

Capital Disclosures

These disclosures are prepared under the Banking (Disclosure) Rules

30 June 2016

1. Composition of capital

The tables below summarise the ratios and the composition of regulatory capital of Dah Sing Bank, Limited (the "Bank"). All the information presented below is unaudited.

The Bank complied with all of the externally imposed capital requirements set by the Hong Kong Monetary Authority ("HKMA").

1.1 Capital adequacy ratio

	As at	As at
	30 June 2016	31 December 2015
Capital adequacy ratio		
- Common Equity Tier 1	12.4%	12.2%
- Tier 1	12.4%	12.2%
- Total	16.7%	16.7%

The capital adequacy ratio as at 30 June 2016 and 31 December 2015 represents the consolidated ratio of the Bank computed on Basel III basis in accordance with the Banking (Capital) Rules (the "Rules") and the transitional arrangement set out therein.

In the calculation of the consolidated capital adequacy ratios, the Bank and those subsidiaries consolidated in the calculation as set out in Note 1.2 below have adopted the standardised (credit risk) approach for the calculation of the risk-weighted amount for credit risk. The Bank and its subsidiaries have adopted the basic indicator approach for the calculation of the risk-weighted amount for operational risk, and the standardised (market risk) approach for the calculation of the risk-weighted amount for market risk.

Only the Bank is subject to the minimum capital adequacy requirement under the Hong Kong Banking Ordinance. Banco Comercial de Macau, S.A. ("BCM") is subject to Macau banking regulations and Dah Sing Bank (China) Limited ("DSB China") is subject to China banking regulations.

1. Composition of capital (Continued)

1.2 Subsidiaries included under the regulatory scope of consolidation

The following is a full list of the Bank's subsidiaries as at 30 June 2016 and 31 December 2015, and the total amount of assets and equity of each of these subsidiaries as at 30 June 2016.

For financial reporting purposes, all the subsidiaries have been consolidated in the financial disclosure statement. The subsidiaries which are excluded from the regulatory scope of consolidation are specified with explanatory notes provided below.

HK\$'000

			As at 30 Jur	ne 2016
Name of subsidiary	Principal activity	Note	Total assets	Total equity
Included in the regulatory scope of conso	lidation			
Banco Comercial de Macau, S.A.	Banking		19,104,723	2,632,721

Wise Measure Limited	Property investment	(b)	-	-
Channel Winner Limited	Inactive	(b)	-	(93)
Reliable Associates Limited	Property investment	(b)	-	-

Note:

(a) Subsidiaries within the category of "financial sector entities" as defined by the Rules.

In calculating the consolidated capital adequacy ratio as at 30 June 2016 and 31 December 2015 under the Basel III basis, the portion of the aggregate significant investments in Common Equity Tier 1 capital instrument issued by financial sector entities, not subject to regulatory consolidation, that exceeded the 10% concessionary threshold was deducted from capital base. The amount within the 10% concessionary threshold was risk-weighted.

(b) Subsidiaries engaged in property investment or are inactive.

In calculating the consolidated capital adequacy ratio as at 30 June 2016 and 31 December 2015 under the Basel III basis, the Bank risk-weighted the cost of investments in these subsidiaries and did not deduct them from its capital base on the basis that the total cost of investment does not exceed 15% of the Bank's capital base as at the immediately preceding calendar quarter-end date.

1. Composition of capital (Continued)

1.3 Components of regulatory capital elements

The capital base used in the calculation of the above consolidated capital adequacy ratios and reported to the HKMA is analysed below. The capital base as at 30 June 2016 and 31 December 2015 is calculated on Basel III basis in accordance with the Rules and transitional arrangement set out therein.

Notes to the template

Elements where a more conservative definition has been applied in the BCR relative to that set out in Basel III capital standards:

THZ C ?	00	^
HK\$'	υu	υ

Row No.	Description	Hong Kong basis	Basel III basis		
	Other intangible assets (net of associated deferred tax liability)	59,222	59,222		
9	ExplanationAs set out in paragraph 87 of the Basel III text issued by the Basel Committee (December 2010), mortgage servicing rights (MSRs) may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an AI is required to follow the accounting treatment of including MSRs as part of intangible assets reported in the AI's financial statements 				
	Deferred tax assets net of deferred tax liabilities	79,685	-		
10	ExplanationAs set out in paragraphs 69 and 87 of the Basel III text issued by the Basel Committee (December 2010), DTAs that rely on future profitability of the bank to be realized are to be deducted, whereas DTAs which relate to temporary differences may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an AI is required to deduct all DTAs in full, irrespective of their origin, from CET1 capital. Therefore, the amount to be deducted as reported in row 10 may be greater than that required under Basel III.The amount reported under the column "Basel III basis" in this box represents the amount reported in row 10 (i.e. the amount reported under the "Hong Kong basis") adjusted by reducing the amount of DTAs to be deducted which relate to temporary differences to the extent not in excess of the 10% threshold set for DTAs arising from temporary differences and the aggregate 15% threshold set for MSRs, DTAs arising from temporary differences and significant investments in CET1 capital instruments issued by financial sector entities (excluding those that are loans, facilities and other credit exposures to connected companies) under Basel III.

Notes to the template (Continued)

Row No.	Description	Hong Kong basis	Basel III basis			
	Insignificant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	-	-			
	Explanation					
18	For the purpose of determining the total amount of insignificant capital investments in CET1 capital instruments issued by financial sector entities, an AI is required to aggregate any amount of loans, facilities or other credit exposures provided by it to any of its connected companies, where the connected company is a financial sector entity, as if such loans, facilities or other credit exposures were direct holdings, indirect holdings or synthetic holdings of the AI in the capital instruments of the financial sector entity, except where the AI demonstrates to the satisfaction of the Monetary Authority that any such loan was made, any such facility was granted, or any such other credit exposure was incurred, in the ordinary course of the AI's business.					
	Therefore, the amount to be deducted as reported in row 18 may be greater than that required under B The amount reported under the column "Basel III basis" in this box represents the amount reported in (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of facilities or other credit exposures to the AI's connected companies which were subject to deduction u Hong Kong approach.					
	Significant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	_	-			
	Explanation					
19	For the purpose of determining the total amount of significan instruments issued by financial sector entities, an AI is requir facilities or other credit exposures provided by it to any of its company is a financial sector entity, as if such loans, facilities holdings, indirect holdings or synthetic holdings of the AI in sector entity, except where the AI demonstrates to the satisfac such loan was made, any such facility was granted, or any suc ordinary course of the AI's business.	ed to aggregate any amou connected companies, wi s or other credit exposures the capital instruments of ction of the Monetary Aut	nt of loans, here the connected s were direct the financial hority that any			
	Therefore, the amount to be deducted as reported in row 19 m Basel III. Notes to the template (Continued)

Row No.	Description	Hong Kong basis	Basel III basis		
	Insignificant capital investments in AT1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	-	-		
39	Explanation The effect of treating loans, facilities or other credit exposures to connected companies which are financial sector entities as CET1 capital instruments for the purpose of considering deductions to be made in calculating the capital base (see note re row 18 to the template above) will mean the headroom within the threshold available for the exemption from capital deduction of other insignificant capital investments in AT1 capital instruments may be smaller. Therefore, the amount to be deducted as reported in row 39 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 39 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.				
	Insignificant capital investments in Tier 2 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation	-	-		
54	Explanation The effect of treating loans, facilities or other credit exposures to connected companies which are financial sector entities as CET1 capital instruments for the purpose of considering deductions to be made in calculating the capital base (see note re row 18 to the template above) will mean the headroom within the threshold available for the exemption from capital deduction of other insignificant capital investments in Tier 2 capital instruments may be smaller. Therefore, the amount to be deducted as reported in row 54 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 54 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.				

Remarks:

The amount of the 10% / 15% thresholds mentioned above is calculated based on the amount of CET1 capital determined under the Banking (Capital) Rules.

Abbreviations: CET1: Common Equity Tier 1 AT1: Additional Tier 1

Notes to the template

Elements where a more conservative definition has been applied in the BCR relative to that set out in Basel III capital standards:

ΗK	\$,	0	0	0

Row No.	Description	Hong Kong basis	Basel III basis			
1.00	Other intangible assets (net of associated deferred tax liability)	59,805	59,805			
9	Explanation As set out in paragraph 87 of the Basel III text issued by the Basel Committee (December 2010), mortgage servicing rights (MSRs) may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an AI is required to follow the accounting treatment of including MSRs as part of intangible assets reported in the AI's financial statements and to deduct MSRs in full from CET1 capital. Therefore, the amount to be deducted as reported in row 9 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 9 (i.e. the amount reported under the "Hong Kong basis") adjusted by reducing the amount of MSRs to be deducted to the extent not in excess of the 10% threshold set for MSRs and the aggregate 15% threshold set for MSRs, DTAs arising from temporary differences and significant investments in CET1 capital instruments issued by financial sector entities (excluding those that are loans, facilities or other credit exposures to connected companies) under Basel III.					
	Deferred tax assets net of deferred tax liabilities	85,439	-			
10	ExplanationAs set out in paragraphs 69 and 87 of the Basel III text issued by the Basel Committee (December 2010), DTAs that rely on future profitability of the bank to be realized are to be deducted, whereas DTAs which relate to temporary differences may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an AI is required to deduct

Notes to the template (Continued)

Row No.	Description	Hong Kong basis	Basel III basis	
	Insignificant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	-	-	
	Explanation			
18	For the purpose of determining the total amount of insignificant capital investments in CET1 capital instruments issued by financial sector entities, an AI is required to aggregate any amount of loans, facilities or other credit exposures provided by it to any of its connected companies, where the connected company is a financial sector entity, as if such loans, facilities or other credit exposures were direct holdings, indirect holdings or synthetic holdings of the AI in the capital instruments of the financial sector entity, except where the AI demonstrates to the satisfaction of the Monetary Authority that any such loan was made, any such facility was granted, or any such other credit exposure was incurred, in the ordinary course of the AI's business.			
	Therefore, the amount to be deducted as reported in row 18 may be greater than that required under Basel III The amount reported under the column "Basel III basis" in this box represents the amount reported in row 18 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.			
	Significant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	_	-	
	Explanation			
19	For the purpose of determining the total amount of significant capital investments in CET1 capital instruments issued by financial sector entities, an AI is required to aggregate any amount of loans, facilities or other credit exposures provided by it to any of its connected companies, where the connecte company is a financial sector entity, as if such loans, facilities or other credit exposures were direct holdings, indirect holdings or synthetic holdings of the AI in the capital instruments of the financial sector entity, except where the AI demonstrates to the satisfaction of the Monetary Authority that any such loan was made, any such facility was granted, or any such other credit exposure was incurred, in the ordinary course of the AI's business.			
	Therefore, the amount to be deducted as reported in row 19 m Basel III. The amount reported under the column "Basel III b reported in row 19 (i.e. the amount reported under the "Hong aggregate amount of loans, facilities or other credit exposures were subject to deduction under the Hong Kong approach.	asis" in this box represent Kong basis") adjusted by	ts the amount excluding the

Notes to the template (Continued)

Row No.	Description	Hong Kong basis	Basel III basis	
	Insignificant capital investments in AT1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	-	-	
39	Explanation The effect of treating loans, facilities or other credit exposures to connected companies which are financial sector entities as CET1 capital instruments for the purpose of considering deductions to be made in calculating the capital base (see note re row 18 to the template above) will mean the headroom within the threshold available for the exemption from capital deduction of other insignificant capital investments in AT1 capital instruments may be smaller. Therefore, the amount to be deducted as reported in row 39 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 39 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.			
	Insignificant capital investments in Tier 2 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation	-	-	
54	Explanation The effect of treating loans, facilities or other credit exposure sector entities as CET1 capital instruments for the purpose of calculating the capital base (see note re row 18 to the templat threshold available for the exemption from capital deduction 2 capital instruments may be smaller. Therefore, the amount re greater than that required under Basel III. The amount reporte represents the amount reported in row 54 (i.e. the amount rep excluding the aggregate amount of loans, facilities or other cr which were subject to deduction under the Hong Kong appro-	considering deductions to e above) will mean the he of other insignificant capi to be deducted as reported ed under the column "Bas orted under the "Hong Ko redit exposures to the AI's	b be made in adroom within the tal investments in Tier l in row 54 may be el III basis" in this box ong basis") adjusted by	

Remarks:

The amount of the 10% / 15% thresholds mentioned above is calculated based on the amount of CET1 capital determined under the Banking (Capital) Rules.

Abbreviations: CET1: Common Equity Tier 1 AT1: Additional Tier 1
